We focus on Time and Place of Pre Contact.

Students walk on the Nudgee Waterholes Turrbal country (Nar-dha).
Discover the different plant and animal species that played a critical role in traditional life.

What was it like 500 years ago at Nar-Dha?

Students will participate in role playing traditional daily life activities; grinding seeds, making fire, and handling stone tools.

Can you spot animals important to traditional life?

To reflect on their morning, students will paint a story using indigenous symbols and walk the beach using observations to spot marine life.
Making the connection between ocean and the land.

Parents are needed for the day and it would be great to have them involved!

*This program can cater for 2 classes per day.*
*This program will need a bus all day.*
